

ROOMS ❖ IN AND OUT

This Intracoastal Waterway patio marries the style of indoor decor with the ease of the outdoors. Designer Margaret Kaywell began by painting the deck a warm café au lait, then adding a soft faux-sisal rug. Blocks of mocha and sand-colored furnishings create a cozy living room feel, while the custom-designed umbrellas provide solace from the sun.

Large potted plants, subtle coastal-themed accessories and azure pillows complement the tropical setting. Turn the page for more outdoor decor tips and products. *Kaywell Interiors LLC, Palm Beach (561-632-0405, kaywellinteriors.com)*
